hebrew names: VERY IMPORTANT, PLEASE READ: write it in hebrew if you know it. if not, don't worry about the spelling in english as it will be written in hebrew, just write it as it sounds. for the parents, I will only need the first part of the name, before ben or bat and I do not use last names. the parents names only appear in the hebrew. if someone doesn't have a hebrew name, just write their english first and possibly middle name, no last names, and I will transliterate it (write it in hebrew letters).
